

HOW TO USE YOUR COSAGRANDE MAGNEMAXX

Congratulations! You now have the CosaGrande MagneMaxx in your hands! When used correctly in accordance with the following instructions, you may find your penis enlarged in both length and girth in due time!

Get to know your CosaGrande MagneMaxx

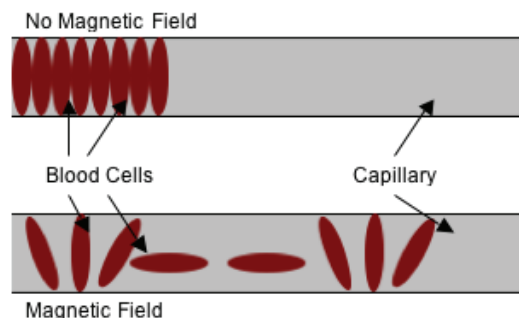

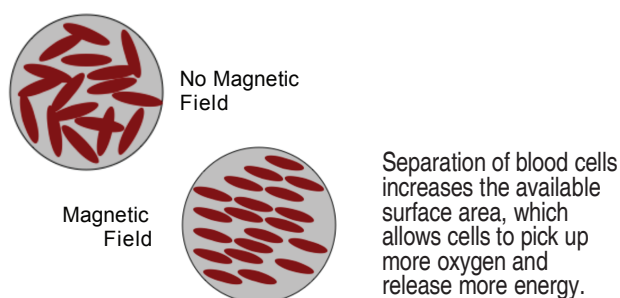

USEFUL INFORMATION

CosaGrande MagneMaxx band is light weight, made from 100% silicone on the outer later, and is comfortable to wear. It is that simple, comfortable, and affordable!

When the magnetic band is adjusted and tied around the penis, it creates a magnetic field around the base of your penis where the blood enters. When blood flows through this magnetic field, the blood cells spin then separate from each other giving each cell more surface area to carry much more oxygen and vital nutrients to your penis. The magnetic field also widens your penis' blood vessels allowing more blood to flow through. This simple method increases blood circulation throughout the penis, thus producing harder and longer erections.

HOW TO USE

For general use –

The CosaGrande MagneMaxx band is made of 100% silicone, while the magnet is attached within the band. Loop holes are in place for various sizes. Just like a belt, attach the CosaGrande MagneMaxx band at the base of your penis and let the magnet work on its own. Adjust the band accordingly to ensure that it is NOT too tight that will constrict blood flow, and wear it comfortably anytime and anywhere.

For sexual act –

The CosaGrande MagneMaxx band can also be used as a "Cock Ring" - The band is worn TIGHTLY around the base of the penis shaft. Adjust the band accordingly but ensuring that the penis band is affixed firmly to the shaft.

HOW TO CLEAN

CosaGrande MagneMaxx is made of 100% silicon. Clean your band with non-alcoholic solutions. We recommend the CosaGrande Premium Wash for best results.

WARNING:

Please consult your physician before purchasing any magnetic products if you are on a pacemaker.
